

Dear parents of \_\_\_\_\_

We would like to welcome you to \_\_\_\_\_ In connection with your start in  
\_\_\_\_\_ we will hold a start-up meeting.

It is a meeting where we can get to know your child and your family a little better.

It is important to us that we get a basis for, in the best possible way, creating well-being, security and development for your child. It is a common task we have, and therefore it is important that we get a common basis to work from.

The agenda / conversation paper is attached to this letter, and it is the intention that we work together on the various topics and talk about what is important for your particular family.

It will be different from family to family which topics of the talk sheet we need to spend extra time on.

The themes are the same as you may know from the conversation with your health nurse during the pregnancy visit.

We expect the conversation to last (30 min. - 1 hour)

We look forward to the conversation, with kind regards \_\_\_\_\_
